

Instructions for Submitting Case Summaries for Pediatric & Adult Fellows Session

The Pediatric and Adult Fellows session will take place in San Antonio, Texas on **Friday, October 1 from 7:30 a.m. to 9:30 a.m.**

Case submissions should be designed to teach key points about cystic fibrosis presentation and/or management and should consist of a **one-page** summary of the case, including intended discussion points.

The case summary should:

- Include a cover letter with the title of the case, the name and degree(s) of the presenter, the presenter's institution, mailing address, email, telephone, the type and year of the fellowship.
- The summary must include clearly defined discussion points for the presentation.
- In addition to the case summary, the fellow's CV must be included with the one page summary. Both the summary and the CV must be submitted as a **single PDF file**.

Fellows who submit a case are expected to be the expert discussant of the discussion points listed.

Seven cases will be selected for oral presentation of 10 minutes each. Notifications of selection will be sent in late-July. Selected presenters will receive 20% discount toward onsite registration. Please note that registration discount does not apply for virtual registration.

Important: You must be a fellow at the time the session takes place to present a case. Please submit a case for this session only if you will still be in your fellowship in Sept./Oct. 2021.

Note: Submitted cases may still be submitted in other forums outside of NACFC for publication prior to or after the conference.

Deadline for submission is June 11, 2021
