

### **Instructions for downloading QR Codes:**

All NACFC poster presenters also are strongly encouraged to include a QR code on their PRINTED poster(s). By scanning the code onsite, NACFC attendees will be able to view the abstract and the date, time and location of the oral presentation if applicable.

Please note: The information behind the code will not be active at the time of download, but will be activated onsite.

Under your poster listing in the My Ready Room section of the SP, you will see a blue link that says "View QR Code."

Once you click that link, a new window will open up with the QR code.

If you are inserting the image into your poster--Right click on the image to save it to your computer.

If you are affixing it to an already printed poster--Choose File—Print to print the code.

The QR code should be placed in the bottom right-hand corner of your printed poster.

If you have any questions or problems related to E-posters or QR codes, please contact us at [nacfc@cff.org](mailto:nacfc@cff.org) or 301-907-2513. Thank you.
